

The Adventure OF the lost Tango.

Once there was a little cheery dog called Google he's smart too. He has a brown nose like a chocolate button. He has fur like a golden coin in a treasure chest. His eyes are like melted chocolate. Google has a favorite toy called tango. He is orange and hairy with big beady eyes. One morning tango has gone! Google was terrified he burst into tears what's a matter Google said Sandy. Sandy is Google's owner

WOOF WOOF you're lost tango WOOF find him
Whistle Tom WOOF. When Tom came he saw Google was upset.

Tom called up to Google what's a matter Google I've lost Tango oh no let's search but he's no where how do you know because I've come with Sandy.

Come on let's look more oh! let's go. Oh look a map let's follow it because there's a picture of tango. Yaaa! let's go! Oh look there's tango

Google I've missed you I've missed you too
What's that you said Tom don't think about saying eae! Sorry it's ok! Then they went home by Google by Tom
